

WIRELESS CINEMA CONNECTION KIT

STEP 1: You must complete step 1 and step 2

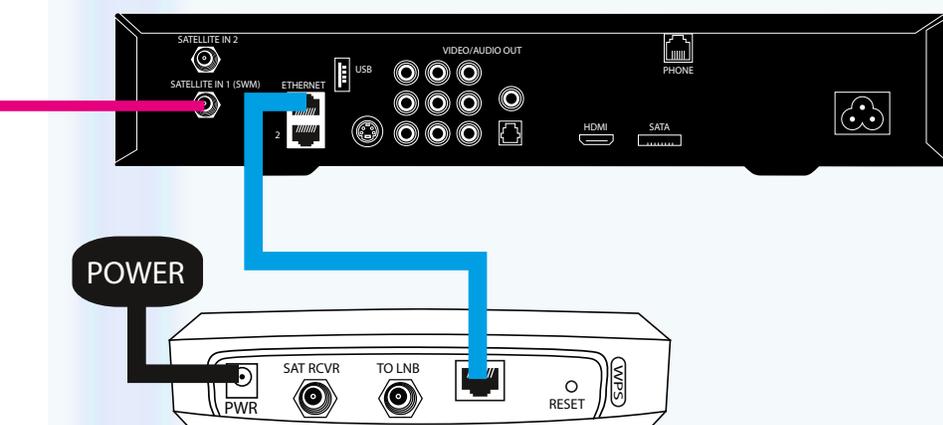

Some wiring and items have been omitted from this diagram in the interest of clarity. Consult other diagrams for satellite wiring.

OPTION 1:

Set your router into WPS mode and push the WPS button for about 3 seconds

OPTION 2:

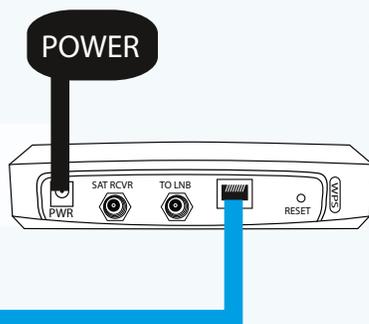

With your receiver powered up and connected, connect the CCK to "Ethernet 1" and use:

{MENU}
Settings & Help
Settings
Network Setup

Connect Now

OPTION 3:

Disconnect your computer from the internet, and connect the network cable to the CCK.

Point your browser to <http://169.254.1.100:8080>
User name is: admin
Password is: admin

Configure manually using menus

YOU MUST COMPLETE STEP 2 OF THE INSTALLATION OR YOUR WIRELESS CCK WILL NOT WORK

Project: Coax Networking
